Map not to scale

## By road

From the M25 leave at the A12 East Anglia/Colchester junction. Stay on the A12 past Chelmsford and Colchester until you reach Ipswich. At the inter-change take the A14 Felixstowe turnoff. Carry on the A14 towards Felixstowe until you reach the A12 Lowestoft turnoff. Take this exit and bear left onto the A12. At the first roundabout turn left - signposted Foxhall. This is Foxhall Road. Continue on this road, which is quite narrow country road, for approximately two miles. Nuffield Hospital appears before a sharp bend, on the left hand side.

## By rail

The train station is a taxi ride away from the hospital and should cost approximately £10.
